THE HISTORY OF IRWIN TOOLS

IRWIN Tools has a long and storied history, stretching for more than a century and set against the backdrop of a young, ambitious nation. In 1885, Charles Irwin patented the Auger bit and, along with four business partners, formed the IRWIN Auger Bit Company. In 1924, William Petersen, a Danish immigrant, invented and patented VISE-GRIP locking pliers. Through innovation and a series of acquisitions, these two companies have now become IRWIN Tools.

IRWIN Tools manufactures and distributes a broad line of professional-grade hand tools and power tool accessories worldwide for trade professionals who demand superior performance and durability on the job. The IRWIN Tools brand portfolio features user-preferred category leaders such as VISE-GRIP® locking tools, MARATHON® circular saw blades, QUICK-GRIP® clamping tools, SPEEDBOR® wood drilling bits, STRAIT-LINE® marking tools, UNIBIT® step drill bits, Marples® fine woodworking tools and HANSON® taps and dies.

NEW PRODUCTS

IRWIN Tools end-user obsession, combined with world-class product development, enables us to produce professional-grade hand tools and power tool accessories that provide superior performance and durability on the job.

By incorporating end-user feedback with advanced engineering, we deliver innovative products that continue to surpass industry standards.

IRWIN UNIVERSITY

IRWIN Tools is committed to the pursuit of developing tools to get the job done right. Our commitment extends beyond our broad assortment of innovative IRWIN products to include the development of our employees and valued customers. We are dedicated to delivering best-in-class career and industry development opportunities through a variety of product training programs.

Instructor-led Product Training

The Newell Rubbermaid Learning and Development Center in Huntersville, NC is a state-of-the-art facility which boasts a 5,000 sq. ft. tool shop dedicated to IRWIN product training. IRWIN employees participate in a variety of multi-day training programs led by highly skilled facilitators to expand their knowledge of IRWIN hand tools and power tool accessories. These hands-on courses range from introductory product knowledge overviews to more advanced curriculum including jobsite assessment, phases of construction, and hands-on, real-world product applications.

E-Learning Tools

LearnIrwin.com is a powerful web-based training tool accessible to IRWIN employees, distributor partners, and consumers seeking greater knowledge of IRWIN Tools. Each self-guided training module is approximately 20 minutes long, and includes detailed information on product features and benefits, end-user research, common applications, and product comparisons, all set to voice narration. Join us today at www.LearnIrwin.com for interactive up-to-date product training. Be sure to check back often as new courses are added regularly.

Field Training Support

MAX Training is a field training initiative designed to enhance product knowledge of IRWIN Tools outside of the classroom. Our product trainers have over 30 years of industry experience and provide their expertise to IRWIN distributor partners with hands-on product demonstrations at select sales and marketing events across North America.

NIGHT RACE AT BRISTOL MOTOR SPEEDWAY

IRWIN Tools has been involved in auto racing for many years, so we're incredibly proud to hold the title sponsorship of one of the most prestigious sporting events in the country – the IRWIN Tools Night Race at Bristol Motor Speedway. This summer classic under the lights is 500 grueling laps around the high banks of the world's fastest half-mile. The IRWIN Tools Night Race, one of stock car racing's most popular events, serves as a key venue for IRWIN brand building activities, specifically targeting NASCAR fans, key customers and professional tradesmen.

SKILLSUSA®

IRWIN Tools is a proud sponsor of SkillsUSA, a national career and technical education organization, serving more than 300,000 high school and college students and professional members in technical, skilled and service

occupations. IRWIN supports the building trade students and instructors of the SkillsUSA organization with the necessary tools to learn their trade and begin their careers. SkillsUSA programs include local, state and national competitions in which students demonstrate occupational and leadership skills. For more information about SkillsUSA, visit www.skillsusa.org.

NATIONAL TRADESMEN DAY

America's tradesmen: they build our homes, roads, businesses, and schools. They keep our cars running, our lights on, our water flowing, and so much more. They are the backbone of our functioning nation – and that's why they deserve a national day of recognition. IRWIN invites the nation to celebrate National Tradesmen Day on the third Friday in September. This day will focus the nation's attention on "The Hands that Build America and Keep it Running Strong" and will include celebrations, recognition events and activities throughout the country.

For more information about National Tradesmen Day, visit www.nationaltradesmenday.com.
