

TERRO[®]

TERRO[®] Pest Control – “It Works™!”

CATALOG | 2018

“IT WORKS!”

That’s what customers have been saying since TERRO® Liquid Ant Killer was introduced in 1915. And today, three generations of customers have come to know that the TERRO® brand, in the bright orange package, stands for “Ant Control.”

For our retailers, this means you can recommend TERRO® with confidence and know you’ll have a satisfied and repeat customer.

For us, the goal is to continue to meet that expectation –this means an on-going commitment to offering the right product, in the right package, with the right information.

T100-12 Liquid Ant Killer₁₁
